EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Abstract:

Replace Abstract as below:

--This invention relates to inks for use in ink-jet printers that are cured using ultraviolet radiation. Specifically, the present invention relates to an ink-jet ink which is substantially free of water, volatile organic solvents and multifunctional (meth)acrylates comprising at least one monofunctional (meth)acrylate monomer, at least one α,β -unsaturated ether monomer, at least one radical photoinitiator and at least one coloring agent, the ink having a viscosity of less than 50 mPas at 25 °C. This provides extra-low viscosity inks, which still meet the requirements for printing onto porous substrates such as paper and board.--

Allowable Subject Matter

2. Applicant's arguments, see page # 7, filed on 10/22/2009, with respect to claim 1 have been fully considered and are persuasive. Applicant argument of the meaning of "substantially free" on page 7, paragraph 3, that the substantially free means the water and multifunction (meth)acrylate are **not present in an amount sufficient to**

detrimentally or adversely affect the desired properties of the claimed composition, is fully persuasive.

3. Therefore, the examiner's statement of reasons for allowance: An inkjet ink is substantially free of water, volatile organic solvent and multifunctional (meth)acrylates comprising at least one monofunctional (meth)acrylate monomer, at least one α,β -unsaturated ether monomer, at least one radical photoinitiator and at least one coloring agent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Manish S. Shah whose telephone number is (571) 272-2152. The examiner can normally be reached on 8:00am-4:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Stephen D. Meier can be reached on (571) 272-2149. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
